

# SAFE ON THE SCENE

## SAFE JUST GOT SAFER

TY was emancipated at the age of 14 when his family couldn't accept him for who he is. Despite the adversity he faced, he was able to graduate from school. TY was embraced and accepted by his new family in the Cleveland LGBT community. He found his own anthem, encouraging everyone to get tested and normalize conversations about sex. You never know who you can reach with just a simple conversation.
